

# Child Advocate In Divorce

## Parent Education and Training Workshop

C.A.I.D. is an organization founded specifically for the purpose of advocating for children prior to, during, and after the divorce of their parents.

*The mission of C.A.I.D. is to prevent the psychological and emotional damage to children that often arises from traumatic divorce proceedings. With the proper education, training, and attitude the damage to children can be minimized.  
Future families are at stake!*

Emphasis in the Parent Education and Training Workshop is placed on the risks divorce poses to children. Attendants will leave the workshop with an understanding of healthy ways to deal with issues of divorce and an awareness of how they may unwittingly place their child in harm's way.
